

WE ALL BELONG

A family constellation retreat
with Lisa Iversen, MSW

Families have an unconscious mind and soul that travel across generations and entangle those who follow in the fates of those who came before us. All members of a family are deeply bonded to each other in love and loyalty. This bonding love may cause us to invite disease, suffering, depression, relationship struggles, and even suicide, into our lives in an unconscious attempt to restore balance to our family systems. The dynamics of this larger family system lie beyond our awareness, yet their effect on our lives is profound.

All are welcome to join this retreat at the beautiful Down Dog Studio at Midnight's Farm (3042 Center Rd, Lopez Island)

Date: March 30th 2019

Time: 2:30pm-5:30pm

"Lisa Iversen's many years of experience as both a licensed psychotherapist and facilitator of constellations are combined wonderfully in a gentle holding that makes clients feel welcome and respected. She is able to work with personal issues, as well as, for example, the collective patterns of denial and repression in society at large where it concerns race and religion. I can wholeheartedly recommend Lisa to clients of all backgrounds." **Daan Van Kampenhout**, Facilitator and Author, "Images of the Soul" and "The Tears of the Ancestors"

Fee: \$25-\$45 suggested donation, \$45 for CEU's
